LET'S GET TOGETHER AND TALK

LANGUAGES AND LIFESTYLE!

Welcome to our world! Whether in lively, pulsating cities or colourful destinations on the coast, our organization has been the leader for more than 25 years in providing language training for "young people of all ages": The thousands who have chosen to learn with us have enjoyed much more than just high standard language courses!

Indeed, we at Sprachcaffe/Languages PLUS believe that a language experience should offer not only tuition, but also an immersion into the rhythm and lifestyle of the host country. In this way it is possible to learn the language effectively while also discovering the customs and culture of the country.

And learning a language does not stop at the classroom door! That's why we also provide a programme of extra-curricular activities and excursions which enable you to make the most of your learning experience, meet new people . . . and have a great time!

There is no doubt that with Sprachcaffe/Languages PLUS you are choosing one of the best study-abroad programmes the industry has to offer.

LEARNING WITH SPRACHCAFFE/LANGUAGES PLUS . . .

Every student is individual, with unique interests, needs and learning objectives. We believe that the language learning process can only be successful if our courses are tailored around the students' needs.

At Languages Plus/Sprachcaffe schools throughout the world, our teachers are qualified, friendly and professional in their approach. They use a range of materials ensuring students receive practice of all the four skills: speaking, reading, writing and listening. A designated course book is used for most standard classes focussing on different topics in each unit. Teachers often expand on these topics using complementary materials in order to make the learning experience more personal for their students.

We feel that by providing students with a relaxed, informal atmosphere helps to facilitate learning. Our teachers endeavour to provide you with the support you need in a friendly environment thereby making sure that you are continually motivated and challenged in the classroom.

YOUR SUCCESS IS OUR COMMITMENT

No matter what your motivation for studying with us is, we have a commitment to you at all our destinations. By taking a placement test before being assigned a class we ensure that you will start at the right level for you. Mid-term progress tests are also taken making sure that your language learning process is always headed in the right direction.

All our schools are located in beautiful areas with the immediate surroundings offering many opportunities to engage in social, sports and cultural activities. We also offer a variety of accommodation options including student residences, shared apartments, hotels and homestays.
