The forms breakdown class activity (Writing, Grammar, Reading, Speaking, Listening, Homework). This is where we can see quickly if a class aren't enjoying an aspect of the lesson by comparing feedback forms. We can then communicate effectively with the teacher to rectify the issue.</p>	<p><i>up and if necessary a referral form will be completed and sent to the LSCB for advice.</i></p> <p><i>Minutes are completed and circulated from all training sessions to help ensure the teachers who couldn't attend can read and see what was spoken about.</i></p> <p><i>Ensure forms are checked immediately upon receiving them. Often students request to move levels during the week and we make sure we check with the teacher first before making any official decision. We emphasise to students during induction that all staff pictured on safeguarding boards are available if they have any problems or concerns.</i></p>
